

Making the most of your Primary Sports Premium funding

The Primary Sports Premium funding is continuing to help Primary Schools give children an active start in life. Used to support and improve your PE, School Sport and Physical Activity across the school, this funding comes with conditions and accountability set out by the DfE.

We offer a range of resources, training and support to help your school develop both pupils and staff and maximise the impact of the funding.

“Leap have worked alongside our school to develop our key areas of focus in PE and physical activity. The support they have provided has had a noticeable impact on the quality of our provision and the learning.”

Rebecca Jones, Assistant Headteacher, High Wycombe Church of England Combined School

The right support to deliver the best results

Though our personalised support you can choose how to enhance the provision of PE, school sport and physical activity in your school. You can select individual elements or, like many schools have already, benefit from the full package to make the most of your premium funding.
